The application process – 7 Steps

Step 1: Creating the case order ID

👩‍⚖️ Before submitting your application you must create a case order ID.
👩‍⚖️ You must enter your first name, surname and e-mail address.
👩‍⚖️ Once you have entered the information and pressed “Create case order ID” your case order ID will be listed below.
👩‍⚖️ The case order ID is always two letters, four numbers, and two letters.
👩‍⚖️ Example: AA-0000-AA
Step 2: Pay the application fee

-The 2024 application fee is DKK 2,490.

-The application fee can be paid by credit/debit card (Dankort, VISA or MasterCard), international bank transfer or Danish internet bank transfer.
  
  • *Note: If you have created a case order ID with any other fee than DKK 2,490, you have created an incorrect case order ID and must create a new one.*

-Your application will not be processed until the correct fee has been received by SIRI.

-Common mistake: Creating an appeal case order ID and paying the DKK 930 fee.
Step 3: Gather documentation

Prior to completing and submitting your application, you must gather the relevant supporting documentation.

- Documentation of paid application fee.
- Complete passport copy.
- Documentation of enrolment in your home university – if exchange/guest student.
- Documentation that you can support yourself during your stay in Denmark – depending on whether you have paid a tuition fee to the Danish university.
Any documentation not submitted in either Danish, English, Swedish, Norwegian or German must be officially translated into either Danish or English.

"Home made" translations will not be accepted as documentation.

Statements from the applicants as to the content of the documentation will not be accepted.
Documentation of paid application fee

冠 A copy of the credit card payment receipt or confirmation of bank transfer

冠 Example of a receipt for credit card payment:

冠 Banking fees might cause the amount to be slightly higher than DKK 2,490. (+ 50-70 DKK is not uncommon)

冠 You must download the receipt immediately after paying the fee. It cannot be recreated later.
Complete passport copy

❖ An up to date copy of **ALL** the pages in your passport. Including the cover pages and empty pages.

❖ Start with the front cover page of your passport and copy all the pages until you have copied the back cover page.

❖ Make sure the copies are of a sufficient quality. Watch out for blurry scans and cropped pages.
Documentation of enrollment in home university – if exchange/guest student

❖ Documentation showing that you are enrolled at an educational institution in your home country

❖ This is not required if you are enrolled as a full degree student.
Documentation that you can support yourself during your stay in Denmark

- If you pay a tuition fee to the Danish university and have paid for the first semester, you are exempt from showing documentation of financial self support.

- If you do not pay a tuition fee to the Danish university, you must submit documentation of financial self support. The amount depends on how long you will be studying in Denmark.

  You have sufficient funds, if your disposable amount corresponds to DKK 6,820 (2024 level) per month you will be studying at a higher educational programme in Denmark:
  - 1 semester = DKK 34,100
  - 2 semesters = DKK 68,200
  - 12 or more months (full degree student) = DKK 81,840

- What documentation can you submit?
  - Bank statement
  - Documentation of student loan
  - Documentation of student grant/scholarship

Ministry of Immigration and Integration
Danish Agency for International Recruitment and Integration

Step 4: Complete the application form

- ST1 application form.
- The application form is filled out in collaboration with the Danish university.
- Two parts: The Danish university completes their part first and then the applicant completes their part.
- Remember to fill out all sections in your part of the application form, including the section regarding educational and employment history.
- Remember to sign the sworn declaration
  - Do not insert a photo of your signature.
  - Do not submit a copy of your signature on a blank piece of paper.
Step 5: Submit the application

❖ The application can be submitted online or in person at a SIRI Citizen Centre in Denmark or to a Danish diplomatic mission or an application centre in the country where you are residing.

❖ In certain countries Denmark does not have a diplomatic mission or application centre. In these instances the list will refer you to one of the Norwegian missions with which Denmark has made an agreement or to the nearest Danish diplomatic mission or application centre in the region.

❖ See the link for information regarding your specific country: https://um.dk/en/travel-and-residence/where-to-apply/

❖ Whether you submit your application online or in person must be agreed with the Danish university, as the Danish university starts the process of completing the application form. If the Danish university starts an online process, you must complete the online process.
Step 6: Biometrics

Digital recording of facial photo, fingerprints and signature.

- *Always bring your passport to a biometrics appointment!*

โปรดต้องดำเนินการบันทึกข้อมูลปัญญาประหลาดภายใน 14 วันหลังจากยื่นขอรับการพิจารณา.

- If you are not able to record your biometrics within 14 days, you must contact SIRI and inform when you will be able to do so and send documentation for your booked appointment.

โปรดดำเนินการบันทึกข้อมูลปัญญาประหลาดที่สถานที่ของ SIRI Citizen Centre in Denmark, a Danish Embassy/Consulate or a Visa Center abroad. ให้ดูที่ลิ้งค์ด้านล่างเพื่อทราบรายละเอียดที่จัดการในประเทศคุณ: [https://um.dk/en/travel-and-residence/where-to-apply/](https://um.dk/en/travel-and-residence/where-to-apply/)

โปรดทราบว่าการยื่นรายการจะไม่ได้รับการพิจารณาจนกว่าข้อมูลปัญญาประหลาดจะได้ทำการบันทึก.

โปรดทราบว่าถ้าคุณไม่ได้บันทึกข้อมูลปัญญาประหลาดภายในเวลารอที่กำหนด คุณจะต้องเริ่มกระบวนการยื่นรายการใหม่.
Step 6: Biometrics – Norwegian representations

- In some countries, applicants must visit a Norwegian Embassy/Consulate or Visa Center for identification instead of biometrics, e.g. Brazil, Chile, South Korea and Sri Lanka.

- If you need to visit a Norwegian Embassy/Consulate or Visa Center, you must bring a passport photo to your appointment.

- Your application will be processed after you have been to your appointment at the Norwegian representation. If your are granted a residence permit, you must record your biometric features after entering Denmark.

- See the following link for information regarding your specific country: https://um.dk/en/travel-and-residence/where-to-apply/
Step 7: Receive an answer

👑 Normal processing time: 2 months.
  • *This is not a guaranteed processing time, so applying as early as possible is always recommended.*

👑 If you submitted your application and recorded your biometrics abroad, the decision will be sent to the local Danish/Norwegian embassy/consulate. The local Danish/Norwegian embassy/consulate will then contact you.

👑 Likewise, if we need further information or documentation from you, we will contact your through the local Danish/Norwegian embassy/consulate.

👑 If you enter Denmark prior to receiving our decision and wish to receive your decision in Denmark, you must contact SIRI and inform us of your Danish address. This can be done through our contact form: [https://nyidanmark.dk/en-GB/Contact-us/Contact-SIRI/Kontaktformular](https://nyidanmark.dk/en-GB/Contact-us/Contact-SIRI/Kontaktformular)

👑 Remember to provide your complete address (street name, number, floor, door etc.) It is also important that your name is written on your mail box.
The resident permit period

- The length of your residence permit depends on which type of education you are pursuing.
  - Guest student = 1 or 2 semesters
  - Full degree student = Full Bachelor’s or Master’s degree.
- All residence permits are granted up to 1 month before the start of the semester.
- Guest students are granted 14 days beyond the end of the semester/semesters.
- Full degree students get either a 6 month job seeking period or a 3 year job seeking period beyond the nominal period of study depending on their educational programme.
You will automatically be granted a residence permit for up to 3 years for job seeking in Denmark if you have **completed** a Danish education **approved by a state authority**.

You will automatically be granted a residence permit for a 6 month job seeking period in Denmark if you have **completed** a Danish education which is **not approved** by a state authority but instead **have an advisory statement by the Danish Evaluation Institute (EVA)**.
The resident permit period

☞ Be aware of the expiry date in your passport: Residence permits cannot be granted beyond the final 3 months of your passport’s validity period.

☞ Your residence permit will be shortened if your passport expires during your study period or job seeking period. You will be able to apply for an extension of your residence permit at a later time.

Can I enter Denmark?

_different rules apply depending on whether you are from a country with a visa requirement or you are from a visa-free country.

If in doubt, you can find a list here: https://nyidanmark.dk/en-GB/Words%20and%20Concepts%20Front%20Page/US/Visum/Must_have_a_visa_countries_and_countries_with_visa_exemption
Can you enter Denmark before you have been granted a permit?

If you are outside Denmark when you submit your application, you must normally have been granted a permit before you travel to Denmark.

If you wish to travel to Denmark before SIRI has processed your application, you can only do so if you:

- are a citizen of a country that allows you the opportunity to travel to Denmark without a visa,
- are a citizen of a country from which a visa is necessary, but you have already been granted a visa for Denmark or another Schengen country, or
- have a residence permit for another Schengen country.

In any case, you must comply with the visa regulations in force. If you, for instance, have traveled to Denmark with or without a visa, and the period of time for which you are allowed to stay legally in Denmark expires before SIRI reaches a decision in your case, you must leave and await the decision abroad.
If you have applied while being in Denmark legally

If you submitted the application while staying legally in Denmark, you can remain in Denmark and wait for an answer to your application, even though your visa or the period for which you are exempt for a visa expires while you wait. You are allowed to stay because you are granted the right to a procedural stay.

If you leave Denmark after having submitted an application in Denmark, the submission in Denmark will not grant you the right to re-enter Denmark again before a decision is made. Unless you can re-enter based on other grounds (e.g. a visa or if you are visa exempt), you must wait for our answer abroad

- Please note that it is possible to apply for a re-entry permit if you want to travel abroad and return to Denmark while your application for a residence permit is being processed: https://nyidanmark.dk/en-GB/Your-situation-is-changing/Work/Re-entry-permit
